Housekeepers Should Remember

The great success of the Royal Baking Powder is due to the extreme care exercised by its manufacturers to make it entirely pure, uniform in quality, and of the highest leavening power. All the scientific knowledge, care, and skill attained by twenty-five years' practical experience are contributed toward this end, and no preparation can be made with a greater accuracy, precision, and exactness.

Every article used is absolutely pure. Chemists are employed to test the strength of each ingredient, so that its exact effect in

combination with its co-ingredients is definitely known. Nothing is trusted to chance, and no person is employed in the preparation of the materials used, or the manufacture of the powder, who is not an expert in his particular branch of the business.

As a consequence, the Royal Baking Powder is of the highest grade of excellence, always pure, wholesome, and uniform in quality. Each box is exactly like every other, and will retain its power, and produce the same and the highest leavening effect in any climate, at any time.

The Government Chemists, after having analyzed all the principal brands in the market, in their reports placed the Royal Baking Powder at the head of the list for strength, purity, and wholesomeness; and thousands of tests all over the country have further demonstrated the fact that its qualities are, in every respect, unrivaled.

All chemical tests to which I have submitted it have proved the Royal Baking Powder perfectly healthful, of uniformly excellent quality, and free from every deleterious substance

That Tobacco Bill.

Following is a synopsis of the tobacco bill now before the Legislature: The bill declares that all persons receiving leaf tobacco for storage or sale at public auction as public warehousemen shall carefully weigh all packages consigned to them and mark the weight of package and after the tobacco is sold and properly re-weighed, it shall be weighed again by the same person who weighed it first, and the proprietor shall pay according to the highest weight, including the sample, after deducting the tare weight of the cask.

The making of a false weight is made a misdemeanor punishable by a fine of not less than \$35 nor more than \$100, and liability to the party aggrieved in a sum between \$10 and \$100. The selling commission of warehousemen and commission merchants is fixed at \$2 per hoghead, to be paid by the owner or his agent in case of rejection and no sale. No greater compensation may be charged than \$1 per hoghead, and no additional charge shall be made for weighing, nor any device resorted to by which the price for selling may be increased. It is made unlawful for any warehouseman to directly or indirectly charge the seller or owner anything by way of commission or otherwise for paying him the money for which his tobacco is sold. It is also made unlawful for any warehousemen to pledge or hypothecate any tobacco shipped to him or stored with him or to issue any warehouse receipts for such tobacco without consent of the owner, and if he does such pledge or receipt shall be void, provided that the bill does not apply to pledging or hypothecating by the warehousemen to the extent of any sum advanced by him to the owner. Claims for reclamation shall be made within ninety days after sale unless the tobacco is exported to foreign countries, in which case they must be made within six months after sale. A penalty is provided for nesting

or side-prising. In case of rejection by either the buyer or seller, the party rejecting shall only be required to pay the fee for the hogheads, bales or boxes rejected by him. The act is to take effect upon its passage.

Elected Lecturer.

The Kentucky Farmer says: The Hon. Barry South was elected Lecturer of the Seventh Congressional District Union, at Lexington, last Tuesday, and in a few days will go in prepared for permanent work. His election means an active and progressive future for the order, and by the time Barry South gets over the district there will be no inquiring if the order is still alive. But the grand chorus will sound:

"As we go marching along."

Thrashed a Man Twice His Size.

The other day a small, harmless looking man entered a New York street car, and "accidentally" trod on the toes of a big six-footer. He apologized, but the six-footer wasn't satisfied. He talked for some time, and finally invited the little man to leave the car and settle the matter on the sidewalk. Greatly to his astonishment, the latter accepted. Those who witnessed the contest say that it didn't last long, but that the big fellow had to be carried home in an ambulance, while his diminutive antagonist walked away with a cheerful smile. And so it is with Dr. Pierce's Pleasant Pellets. They're not half as big as most of their rivals, but they do their work quietly and thoroughly. For sick headache, biliousness, constipation, dyspepsia, etc., there is nothing like them. They are the only Liver Pills absolutely sold on trial! Your money back, if they don't give satisfaction!

Engraving of all kinds promptly attended to at W. L. Coppersmith's, 45-ly.

Communicated.

Editor Roundabout:

I have just received a communication from one "John Smith," asking my opinion about several things, which I will answer in a very few words.

The position I took in my last about the Athletic Club was, that it had an evil tendency. I did not assume that the thing in itself was wrong, but that it tended towards evil. We are told to shun every appearance of evil.

I advise John Smith and the boys to read the history of Abraham and Lot. As soon as Lot was separated from Abraham he "set his tent towards Sodom," and he got there. Read the result and ponder over it. If John Smith will write under his own name then I will consider and answer each question, as far as I can, honestly. There are a great many John Smiths, but I know none in Frankfort and but one in the county, and I do not propose to fight in the dark. When I strike I want something to strike at. Put your communication in the paper over your own name, then I am your man.

Yours truly,
JOHN E. MILES.

Height of Cruelty.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunate is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequalled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free. Sold and guaranteed by J. W. Gayle.

Card Party.

Miss Bettie Keenon gave a delightful euchre party at her father's residence, on Washington street, Monday evening. The prizes were very handsome and were won by Miss Louisa Pepper and Mr. Ed. Gaines.

Leap Year Hop.

The young ladies of this city gave a most delightful Leap Year hop at the Capital Hotel Thursday night. Miss Florence Stanton, chairman of the floor committee, did everything in her power to make the gentlemen have a good time, and she succeeded. The music was furnished by the Frankfort orchestra.

From Press to Plantation.

Mr. D. C. Knight, for the past four or five years foreman in the press-room at the Capital office, gave up his place there on Saturday and has returned to his old home in Louisiana, where he will turn his attention to raising cotton and sugar cane. Mr. George Gordon, who learned the business under Mr. Knight at the Capital, succeeds him as foreman.

Oh, What a Cough.

Will you heed the warning; the signal perhaps of the sure approach of that more terrible disease Consumption? Ask yourself if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a Million Bottles were sold the past year. It relieves cough and whooping cough at once. Mothers, do not be without it. For lame back, side or chest use Shiloh's Porous Plaster. Sold by J. W. GAYLE.

A New Tank Stand.

A pipe line has been laid from the Gas Works to the Kentucky Midland yards and a switch has been put in, up the grade some distance above the Colored City School building, where the oil tanks sent here to the Capital Gas and Electric Light Company are now unloaded. The cars are side-tracked there, the pipe connected with the tank and the elevation is sufficient to send the oil into the receptacle at the Gas Works without the services of a hand being required to watch the tank and assist the flow of oil, which can be shut off at the works.

Heretofore these tanks have been emptied on the L. & N. track, on Broadway, where there was constant danger to life and property from an explosion of gas which generates in the tank, and a man had to watch it all the time, frequently being compelled to use a pump to force the oil into the pipe.

Clover Seed.

We have on hand about 400 bushels of strictly prime clover seed, which we will guarantee to sell at Louisville quotations. Buy at home and save freight. MARTIN BROS. 21-4f.

The Furniture Factory.

The new furniture factory is now in good shape and is running full time, giving employment to ten or a dozen hands. Mr. Jos. T. Staten, President of the Company, and Mr. James McEwan, book-keeper, have charge of the office and warerooms, while Mr. Chamberlain, of Indiana, a gentleman of experience in the manufacture of furniture, is the Superintendent of the factory. Mr. Hoover, lately from Ohio, has charge of the machinery and Mr. Wm. Brockman, also from Ohio, is the finisher. All of these gentlemen thoroughly understand their business and are turning out good work.

The present capacity of the factory is fifty beds per week, but will be increased to meet the demands of trade. Nothing but hardwood furniture is being manufactured—oak, ash and maple, made in Queen Anne and sixteenth century style—which will be put upon the market at the lowest figures.

The company sold their first bill of goods on Monday to a Lexington party, who had been in Louisville and Cincinnati, and having greater inducements offered by our factory, bought here.

Shiloh's Consumption Cure.

This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10c., 50c. and \$1.00. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. Sold by J. W. GAYLE.

Change of Date.

The date of the complimentary benefit to be given Miss Daisy Cox has been changed from the 10th to the evening of Friday, the 12th inst., at which time the Opera House should be filled to overflowing. The following ladies and gentlemen will take part in the entertainment: Mrs. Belle Grant Walker, Mrs. P. H. Newman, Mrs. Tom Newman, Misses Laura Pepper, Alma Scofield, Lucy Hughes, Daisy Hughes, Mary Todd, Nellie Cox, George Payne; Major H. T. Stanton, Messrs. Will McClure, Frank Hutchison, Tom Brislan, J. T. Hanley, Jake Cox, J. M. Vanderveer, Frank D. Bull, E. W. Zoeller, Forster Baird, W. H. VanWinkle, John B. Williams, Walter Franklin, Master George Thomson and the Johnson Guards.

The price for general admission will be fifty cents; seats reserved at Barrett's, without extra charge.

Don't! If a dealer offers you a bottle of Salvation Oil without wrapper or labels, or in a dilapidated condition, don't touch it—don't buy it at any price, there is something wrong—it may be a dangerous or worthless counterfeit. Insist upon getting a perfect, unbroken, genuine package.

Stole the Shoes.

A negro boy, known as Little Jim, went into the store of Mr. R. K. McClure on Monday while Mr. McClure and all his clerks were busy waiting upon customers, stole a pair of three dollar and a half shoes and hid them under his coat. A customer happened to see him when he took the shoes and informed Mr. McClure, who caught the little thief before he could get out of the store and turned him over to a policeman.

About a year ago Jim went into the same store, stole a pair of shoes which would not fit him and in a few days brought them back and asked that they be exchanged for a larger pair. He was let off that time but was not so fortunate on Monday.

Successful Driver.

J. H. Goldsmith who had such great success in the Grand Circuit last year with Pimlico and others, writes, "I have given Quinn's Ointment a thorough trial and I can truthfully say it is the best preparation for removing a Split or Curb that I have ever used."

Damage Suits.

Mr. Charles Kenney has sued Mr. C. C. Moore, editor of the Blue Grass Blade, in the Scott Circuit Court, for \$10,000 damages, on account of language used in a letter written by Moore to the plaintiff, and Mr. Moore is himself thinking of bringing suit against Messrs. Craddock & Remington, of the Paris Kentuckian-Ortizian,

Saw-mill Sold.
Mr. W. H. Posey, Master Commissioner, sold on Monday at public sale the saw-mill property of Messrs. P. S. Rule & Co., on Second street, to Mr. Quisenberry, of Danville, for \$5,225. The lot alone is well worth the money, and the sale will hardly be confirmed.

WEALTH—is something few seek, and which few are indifferent to no, matter in what form it presents itself. The word "pecuniary," which is often used in speaking of a man's riches, comes from Latin word *Pecus*, which means cattle, and shows that formerly a man's wealth was reckoned by the cattle he possessed. Abraham is said to have been "very rich in cattle, in silver, and in gold." But no matter in what a man's riches may consist, it is all vanity and vexation of spirit, unless in connection therewith he has health, and we have no doubt if he had known the virtues of S. S. that he would have recommended its use to all persons suffering from the diseases for which it is recommended. Treatise on Catarrh and Skin diseases mailed free.

Old Crow in Operation.

The Old Crow Distillery of Messrs. W. A. Gaines & Co., on Glen's Creek, commenced operation for the season of '92 on Monday.

The literature on dress during the last 10 years would form an imposing collection. Equally curious and imposing also would be the collection of all the empty bottles of Dr. Bull's Cough Syrup, used in the last ten years.

The Governor's Reception.

Gov. John Young Brown and wife received the members of the Legislature and their families at the Executive Mansion, from 8 until 11 o'clock, last night. The attendance was large and the refreshments elegant.

On His Feet Again.

The many friends of Mr. J. M. Wakefield will be glad to learn that he has about effected a compromise with his creditors and it will only be a short time until he will have his saw-mill in operation. He is making arrangements for a large lot of logs in the mountains now.

Didn't Know Jo.

A good looking young man, who is learning the "art preservative" in this office, the other day ran across the word "jobbery," which happened to be spelled with only one b, in the copy he was "setting up," and after puzzling over the word for a time yelled to the foreman, who the blazes is Jo. Berry?

The Old Original Remedy Leads.

Sick people should not be deceived by pretenders who talk about "Microbi," "germs," "bacteria," &c., to sell their preparations, thus preventing people from buying the original tested medicine. "Radam's Microbe Killer" is what you need. It is now, and for years has been, making more cures than all other remedies combined. Read their advertisement in this paper. Don't be deceived.

Masked Ball.

The German Benevolent Society of this city will give a grand masquerade ball at the Kenyon Hotel on Monday evening, February 22. Invitations have been issued to the ladies and gentlemen desiring tickets can obtain them from Messrs. Jos. G. Schweers, Henry Ahler or other members of the committee.

The World Grows.

Noah Webster would not know his old dictionary in the perfection it has attained in the hands of modern scholars. The world grows, however, and dictionaries with it, so that a cheap reprint of the 44 years old "original" Webster is worth about as much as an old almanac. Webster's International Dictionary, the recent successor of the latest and still copyrighted "Unabridged," is the best work of its kind ever published, and well used in a family, will be of more value to the members thereof than many times its cost laid up in money.

Carved the Scenery.

A little negro called Rastus Fewclothes, a member of the Goodyear, Ellith & Schilling minstrel troupe, which gave an exhibition at the Opera House on Tuesday evening, became enraged because one of the employees of the Opera House kicked his dog, and vented his spite by drawing his knife and cutting the scenery to pieces. He was arrested the next morning, taken before the Police Court and fined ten dollars.

The troupe left on the 10:20 L. & N. train for Paris, and after they had gone Manager Gaines discovered that the little scoundrel had cut several other sets of valuable scenery to pieces, and left that afternoon for Paris to make the manager of the minstrels make good the damage. He returned Thursday morning, bringing the little villain with him, but he was turned loose on the ground that he had been fined once for the offense. He ruined about three hundred dollars worth of "flats" and "wings."

Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by South Side drug store, 5-17 P. H. CANTER.

Presented to the Legislature.

Madame Decca, the celebrated singer, who gave a concert at the Opera House on Thursday evening, visited the State House Thursday morning and was introduced to the Senate by Lieutenant Governor Alford in a few well-timed remarks, when she ascended to the speaker's desk and sang "My Old Kentucky Home," "The Star Spangled Banner," "The Last Rose of Summer," and "Down upon the S'wanee River." As soon as it was known in the House that she was going to sing the members of that body crowded into the Senate chamber and lobbies, and when the singing was over Madame Decca held quite a levee.

Miss Moore To Wed.

Miss Elenora Moore, formerly of this city, and Dr. Harry M. Goodman, of Louisville, will have an elegant church wedding in this city on Wednesday, the 17th inst. Miss Jane Swiger Moore, sister of the bride, will be maid of honor, and there will be six bridesmaids. Misses Mattie Castleman, Barrie Milton, Julia Griswold, Bessie Newman, of Louisville; Mattie Freeman, of Woodford, and Minnie VanDerveer, of this city.

The best man will be Dr. J. M. Ray, and there will be six groomsmen. Messrs. W. R. Griffith, of this city; John H. Thomas, Will Wilson, J. Stewart Bell, Harris Johnston and Charles Wintersmith, of Louisville.

Circuit Court.

The Franklin Circuit Court met in regular February term on Monday, with Judge Warren Montfort on the bench and Commonwealth's Attorney John S. Gaunt present. The first few days of the term were taken up with minor cases. Wednesday the case of the Commonwealth vs. Robert Evans, charged with cutting and wounding Sanford Goin, Jr. in this city, was tried, and the defendant was given six months in jail.

Thursday the case of the Commonwealth vs. John T. Johnson, charged with killing Ike Smith, in the northern end of this county, near the Henry line, about a year ago, was taken up, and occupied the time of the court up to the time of our going to press.

Col. McCarty's Condition.

In answer to the many inquiries made of the Journal as regards Col. McCarty's health, we regret to say that there has been no material change in his condition for two months. He still remains almost speechless, and there is very little action in his afflicted limbs. Though the loss of teeth has weakened him somewhat, he still retains considerable strength for one who has been confined to his bed four months. As soon as his condition and the weather permits, he will be removed to the home of his son-in-law, Dr. J. J. Rodman, at Owensboro. —*Jessamine Journal.*

Euclre Club.

Miss Pearl Johnson entertained the Leap Year Euclre Club at her father's residence on the South Side Thursday evening in elegant style. The prizes were won by Miss Emma Kagin and Mr. Ben Nickols.

A Model Boy.

We know a boy in Lexington who works an average of thirteen hours a day, for which he gets six dollars a week. Out of that he supports himself, keeps himself supplied with the best of professional books, and still leaves one-tenth of his income for charity and church. This boy rises quietly, without disturbing any one in the family, at or before breakfast, makes the fire in his mother's room, goes down to his store, opens up and returns to his breakfast. He has never used profane or obscene language, does not touch a drop of ardent spirits and uses no tobacco. His spare time is spent at home, or in the company of his professional superiors. He is helpful to the poor, generous to his mother and sisters and liberal in his expenditures upon his education, but he has not one cent of strong drink, or for immoral amusements or debauchery. He is as devoted to his employer's interests as if they were his own. He honors his father and mother. —*Transcript.*

Woman's Love.

Robert G. Ingersoll pays the following tribute to woman's love: "The one thing in this world that is constant, the one peak that rises above all clouds, the one window in which light forever burns, the one star that darkness cannot quench is woman's love. It arises to the greatest heights, it sinks to the lowest depths, it forgives the most cruel injuries. It is the perfume of life, and it grows in every clime; neither coldness nor neglect, harshness nor cruelty can extinguish it. A woman's love is the perfume of the heart. This is the real love that subdues the earth; the love that has wrought all miracles in art, that gives us music all the way from the cradle song to the grand symphony that bears the soul away on wings of fire. A love that is greater than power, sweeter than life and stronger than death."

Special Announcement.

We have made arrangements with Dr. B. J. Kendall Co., publishers of "A Treatise on the Horse and his Diseases," which will enable all our subscribers to obtain a copy of that valuable work free by sending their address (enclosing a two cent stamp for mailing same) to Dr. B. J. Kendall Co., Enosburg Fall, Vt. This book is now recognized as standard authority upon all diseases of the horse, as its phenomenal sale attests, over four million copies having been sold in the past ten years. A sale never before reached by any publication in the same period of time. We feel confident that our patrons will appreciate the work, and be glad to avail themselves of this opportunity of obtaining a valuable book. It is necessary that you mention this paper in sending for the "Treatise." This offer will remain open for only a short time. 4

The City Schools.

The public schools of this city are more largely attended this year than ever before and are in a prosperous condition, as the following statistics for the term ending January 28, 1892, will show:

WHITE SCHOOL.	
Total enrollment.....	853
Average belonging.....	697
Average daily attendance.....	603
Per cent. of enrollment, based on census.....	64
COLORED SCHOOL.	
Total enrollment.....	615
Average belonging.....	551
Average attendance.....	414
Per cent. of enrollment, based on census.....	56

NIGHT SCHOOL.	
Total enrollment.....	34
Average attendance.....	14

This is a much better showing than is made by many of the larger cities. In Louisville only 50 per cent. of the children are enrolled in the schools, in Paducah about 42 per cent., in Nashville 40 per cent., New York City 48 per cent., and Boston 47 per cent.

The average attendance at the white school during the month of January, when there was a great deal of sickness in the city and the weather was so very inclement that many of the little children had to be kept at home, was 556. Last year there were but 24 scholars in attendance upon the High School, whereas this year there are 56.

The disbursements of the white school for 1891 were \$11,623.37, and of the colored school for the same time, \$4,390.96.

Few cities have better schools than Frankfort and they are equally as well conducted as any in the country. Prof. Rhoads, the new Superintendent, has made a splendid record since he has been here, and has the hearty co-operation of an efficient corps of assistants.

The Fish and Game Club.

The adjourned meeting of the Franklin County Fish and Game Club was held at the City Hall on Monday evening at which by-laws were adopted, a permanent organization effected and the following officers elected: Sam'l R. Smith, President; Richard Morris, Vice President; Henry C. Murray, Recording Secretary; M. P. Gray, Corresponding Secretary; and A. W. Overton, Treasurer.

The object of the organization to prevent the wanton destruction of fish in the streams of the county by the use of dynamite, and the enforcement of the trespass laws and those for the protection of game. The Club starts out with a fair membership and it is expected that their number will be largely augmented by the next meeting. It is hoped that most of the farmers of the county will enroll their names as members of the Club as it was organized as much for their protection as for the benefit of the city sportsmen.

The officers elected at the meeting Monday night were empowered to appoint a board of eight directors, and it is proposed to select five of these from the membership in the county, outside of the city.

Humane Society.

Sunday afternoon Mr. C. S. Hubbard, Organizer for the American Humane Society, delivered a lecture at the Baptist Church to a large audience, and at the close of the lecture the Franklin County Humane Society was organized with the following officers: Col. E. Polk Johnson, President; Hon. Lewis Manning, Vice President; Ben T. Farmer, Secretary, and A. W. Overton Treasurer. Executive Committee—Hon. Grant Green, Dr. S. E. James, W. S. Dehoney, John E. Miles and Prof. McHenry Rhoads.

Robbed.

Mr. A. J. Showalter, the auctioneer, while selling stock on the street Monday, had his pocket picked of four hundred and eighteen dollars and a gold watch. The work was neatly executed, as Mr. Show-

alter had the money in an inside vest pocket and the watch was in the hip pocket of his pants. He offers one hundred dollars reward, in another column, for the arrest and conviction of the thief.

Church Supper.

The ladies of Methodist Church will give a supper in this city about the middle of the month. The date and place has not been fixed.

A Rush of Business.

The Kentucky Midland Railway has been doing a good freight business the past week. The yards were crowded for several days this week and thirty-five cars were side-tracked at other stations along the road, waiting until room could be made for them to be unloaded.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co. printed near the bottom of the package.

Jones-Wigginton.

Mr. John H. Jones and Miss Sallie M. Wigginton, both of the Elmville neighborhood, were married Wednesday morning at the residence of Mr. W. A. Howard, in this city, Rev. W. C. Taylor officiating.

They left that morning for a short bridal trip.

Saturday's Fires.

The alarm of fire Saturday afternoon about 5 o'clock was occasioned by the burning of the roof of a house belonging to Jos. Burkhardt, and occupied by a colored woman named Ann Pendleton and used as a restaurant. Loss about \$25, with insurance of \$300.

The second alarm was caused by a chimney burning out at C. M. Walcutt's residence on the South Side.

Court Day.

One of the largest crowds ever in the city on court day was on our streets Monday, but the offerings of rode were rather light and the prices low.

Diamond Bentley, the double-tongued sensational auctioneer, made his appearance here on that day for the first time in several months, and reports the following sales:

24 head of long yearling cattle, at \$1.35 per head; 15 heifers, \$12.35 per head; 4 milk cows from \$15 to \$25.50; 6 horses from \$10.15 to \$95.50.

Two Eminent Divines Dead.

Rev. Basil Manley, D. D., formerly president of Georgetown College, but for a number of years past a professor in the Southern Baptist Theological Seminary at Louisville, died at his home in that city on Sunday.

On the same day Rev. Charles H. Spurgeon, the great English Baptist preacher, died at a health resort in France.

It is not often that one denomination suffers as great a loss in one day as the death of these great and good men has entailed upon the Baptist Church of the world.

Lost His Mustache.

Mr. Carlton W. Graham, of this city, express messenger on the C. & O. fast line, due in this city from Louisville 4:35 p. m., came near meeting with a very serious accident Sunday evening.

The train had reached a short distance below this city, when a package wrapped with excelsior, and which was lying near a very hot stove, took fire.

Mr. Graham caught sight of the blaze, and in his efforts to check it the flames shot up and burned his mustache and his eye brows entirely off, and also badly burned his face on one side. The flames spread all over the interior of the car and scorched off all the paint. Several packages were destroyed and the loss is estimated at several hundred dollars.

The train had to be stopped at the west end of the railroad bridge and water taken from the engine to extinguish the flames. Mr. Graham continued his run, though he was suffering greatly from his injuries.

A Noted Driver.

The Louisville Times of Monday contained the following biographical sketch of Mr. George B. Hays, of this city, who for the past ten years has so successfully handled the trotting stock of Col. R. P. Pepper:

Among the noted drivers of the American trotting horse there are none more painstaking, and a very few more skillful, than George B. Hays, the head trainer at South Elkhorn Stock Farm, Frankfort. He was born at St. Johns, N. B., in 1857, and he has been engaged in the care of horses in some capacity since he was a boy. After filling various positions successfully he, in 1880, went to Frankfort and entered into an engagement with Col. R. P. Pepper, owner of the noted Onward, 2:35 1/4, and Norval 2:17 1/4. His first experience there was with Catchy, 2:18 1/4, a nervous, high strung mare, but very speedy, that had been handled by some of the best drivers in the West with indifferent success. The first season Hays started Catchy five times and won four first money prizes. The next season she started eight times and won every race in straight heats. The following season she was championed her through the Grand Circuit, where she met and defeated that greatest of all campaigners, Harry Wilkes, 2:15, and also won the first heat of the race that Phyllis 2:13 1/2, took his record in. Catchy wound up the season with eight wins out of twenty-two starts. When Col. Pepper purchased Norval many predicted that the stallion would never beat 2:30, but Hays one day surprised the prophets by driving the horse to a record of 2:17 1/2 at Mayville. Following is the list of the horses whom Mr. Hays has driven to their records: Hour (3); 2:17; Norval, 2:17 1/2; Catchy, 2:18 1/4; Dumas, 2:19; Cognac, 2:20 1/2; Acady, 2:21 1/4; Position (3); 2:22 1/4; Judge Lindsay, 2:21 1/4; Suite (3); 2:23 1/4; Onward, 2:25 1/4; W. C. Taylor, 2:26 1/4; Ned, 2:27 1/4; Casket (3); 2:28 1/4; Rutledge, 2:27; Mikegan, 2:27; Valiant, 2:27; Attraction, 2:28 1/4; Mignon, 2:27; Chance, 2:28; Fancy Beat, 2:28; Prelude, 2:28 1/2; Promoter, 2:28; Linnet, 2:29 1/4; Capoul, 2:28; Deslie, Wingate, 2:28; Motor, 2:29 1/4; Grit, 2:29 1/4; Nannie Talbot, 2:29 1/4; Toilette, 2:30; Elkhorn, 2:30. He has also developed several others. Mr. Hays' success is due to his great patience and his tact in conditioning the horses. He will be with the same firm as usual, and has a string of good ones in preparation.

What the Doctor Thinks About It.

Senator J. P. Huff, in a letter to the Flemingsburg Gazette, his home paper, has this to say of the proposition now pending before the Legislature to remove the Capital to Louisville:

The Louisville delegation thought to astonish the natives some days ago by introducing simultaneously in the House and Senate a resolution to remove the seat of government from Frankfort to Louisville; but when you speak of this to an old Frankfort resident he lazily opens his eyes and says: "Yes, this has been talked of for the last ninety years, and the capital is still here," and so it is; and when Gabriel toots his horn, which means for us the dusting of our heads and get under the dirt, the same old capital will be standing here, unless the old thing should take a notion to tumble down, which, by the way, is out of probabilities just now. What a nice thing it would be for the rising generation if the old rock pile would fall down some night! We would then go to work and put up a more modern structure, and one that the State would not be ashamed of.

Change of Base.

Capt. Sam M. Gaines, formerly of this city, but for a year past a resident of Mayville, has discontinued the publication of his paper, the Mayville Commonwealth, and will remove to Lexington, where he will become the editor of a new daily paper which will be started in that city next week. This will give Lexington four daily papers besides any number of weekly, semi-weekly and monthly publications.

John S. Edwards.

Of Adams, N. Y., makes the following sworn statement: Kenyon & Thomas: This is to certify what I know your wonderful medicine, Dr. Hale's Household Ointment, will do in cases of pneumonia. Last winter my mother, who is 75 years of age, was sick unto death with pneumonia, and one that the State would not be ashamed of. The attending physician said she must die. As a last resort we commenced using your Dr. Hale's Household Ointment, applying it freely and thoroughly to the chest, keeping the lungs covered with hot liniment, and soon began to improve and in twelve hours the crisis was passed and she was out of danger and is alive and well to-day. Your great remedy saved her life.

JOHN S. EDWARDS. Sworn and subscribed before me, Wm. H. Taylor, Notary Public. For sale at Carpenter's South Side Drug Store.

When Your Liver

Is torpid and sluggish, you cannot do business successfully. Everything goes wrong. You don't feel well. Get your liver in good working order by using Dr. Hale's Household Tea, the great blood purifier and nerve tonic. It has no equal as a health restorer. For sale at Carpenter's South Side Drug Store.

Euchre Club.

The young ladies euchre club held there meeting on Tuesday evening with Miss Annie Headley on the South Side. The hostess was assisted in receiving by Miss Nellie Matthews, of Louisville, who is visiting there. The handsome prizes were won by Miss Florence Stanton and Mr. Harry Rodman. An elegant lunch furnished by a Louisville house was served at 12 o'clock.

New Chaplain.

Rev. W. B. Cooper, of Lexington, was on Saturday elected by the Commissioners of the Sinking Fund Chaplain of the Kentucky Penitentiary, to fill the vacancy occasioned by the death of the late Rev. H. H. Kavanagh. Mr. Cooper is a minister of the Southern Presbyterian Church, and for a number of years has been doing evangelic work in the mountains.

He took the oath of office on Tuesday and entered upon the discharge of his duties.

Dr. Hale's Household Cough Cure

Is a purely vegetable remedy prepared from rare medicinal plants, a perfect remedy for coughs, colds, hoarseness, loss of voice, whooping cough, bronchitis, the chronic stages of consumption, always all soreness of the lungs and chest, and gives perfect satisfaction. It is the greatest medicine of the age to strengthen the lung tissue. 25 and 50c. per bottle, at Carpenter's South Side Drug store.

For Safe-keeping.

Dr. J. L. Massie, who killed Jesse Honaker near Elmville several months ago, John Sanders and John Costigan, also charged with murder, were brought here from the Owen county jail on Saturday and placed in jail for safe-keeping.

A man by the name of Gibson was taken from the Owen county jail on Wednesday of last week and hung, and it was feared that the people of the county, who are still excited over the matter, might conclude to empty the jail.

They Neglect Their Papers.

The Capital and other papers published in Frankfort have labored long and earnestly, both in and out of season, to keep the Capital of the State at Frankfort.

Their efforts in behalf of the village at the mouth of the tunnel seems to be but little appreciated by the merchants and business men of that place, judging from the small amount of advertising that they do in the papers referred to. It is a wonder the papers make as good

fight for Frankfort as they do, considering the poor support they receive from the people who get the benefit of having the seat of government in their midst. People who will not properly support the papers which fight their battles deserve no sympathy whatever if the thing they most desire is taken from them.

The above from the Lexington Leader is respectfully referred to the merchants of Frankfort, without comment.

Dr. Hale's Household Ointment

Is the finest remedy in the world. It absolutely cures catarrh. It cures Neuralgia and Rheumatism. Cures Piles like magic. Cures Salt Rheum in the most soothing manner. Cures Inflamed and Granulated Eyelids. Cures Coughs and Colds. Can be taken internally. A positive specific for Pneumonia. Cuts, Bruises, Burns, Chilblains, Sores of long standing, Corns and Bunions are cured quickly. Different from all else; superior to all else; it has no equal, 25 and 50c. boxes. Large size cheapest. Sold at Carpenter's South Side drug store.

Married in a Queer Place.

Mr. Chas. Darnell, of Missouri, and Miss Florence Buckley, of Pinkard, Woodford county, came to this city on matrimony bent Saturday, and in selecting a place for the ceremony to be performed hit upon the State House. The services of Rev. George Darsie were secured to tie the knot, and at the request of the groom, he obtained the consent of State Librarian, Mrs. M. B. Day, that the two loving hearts should be made one within the walls of Kentucky's capitol, and about 2 o'clock in the afternoon the ceremony was performed in the State Library, with several members of the Legislature, Mrs. Day and Judge Ira Julian as witnesses.

They left that afternoon for the home of the bride in Woodford county, and on Thursday for their future home in Missouri.

Man or Woman, Ghost or Human.

We cannot say what will cure ghosts, but many men and many women who look like ghosts rather than human beings, through sickness, would regain health and happiness if they would try the virtue of world-renowned remedy, Dr. Pierce's Golden Medical Discovery. Torpid liver, or "biliousness," impure blood, skin eruptions, scrofulous sores and swelling consumption (which is scrofula of the lungs), all yield to this wonderful medicine. It is both tonic and strength-restoring, and alterative or blood-cleansing.

The New City Treasurer.

The following notices of the election of Mr. Vernon L. Clark as City Treasurer show the estimation in which he is held elsewhere:

The Winchester Sun says: Vernon L. Clark, a native of this county, has been elected City Treasurer of Frankfort, to fill the vacancy caused by the recent flight of Hugh Gaines. Mr. Clark is a son of the late Dr. John T. Clark. For five years he has lived in Frankfort, and until a month ago he was General Passenger Agent of the Kentucky Midland Railroad. His many friends will be glad to hear of his success.

The Georgetown Enterprise has this to say of him: Vernon L. Clark, formerly General Passenger Agent of the K. M. railroad, has been elected City Treasurer of Frankfort, to fill the vacancy occasioned by the recent disappearance of Hugh Gaines. Mr. Clark made many friends in Georgetown and on the line of the K. M., while connected with the road, who will be glad to hear of his being promoted to an office, which, with the business he already had, will pay him a good salary. Mr. Clark is the son of the late Dr. J. T. Clark, of Clark county, who lived in Powell county for several years, and was elected to the Legislature in 1863, from the district composed of the counties of Montgomery and Powell.

14 MONTHS IN BED. "Mrs. Kelly requests me to write in regard to what S. S. has done for her son, who has been sick so long with an abscess. She had two physicians, and they did everything for him that they could and he didn't improve. For fourteen months and five days he was in bed and not dressed. Some one recommended your S. S. S., and after he had taken two or three bottles he began to improve. He continued until he had taken eleven bottles, and to-day he is as well as ever. The boy is fourteen years old, and Mrs. Kelly lives next door to me, and I am well acquainted with the facts of the case." E. W. Hodkins, Punster, East Lamotte, Maine. Swift's Specific has a wonderful effect on children and young people. It should be given to all children who have any blood trouble or blood taint. It drives out the poison and poisonous germs, and enables nature to develop the child. Our treatise on the blood and skin will be mailed free to all applicants. SWIFT SPECIFIC CO., Atlanta, Ga.

A Supposed Pauper, but Left Money.

Mrs. Katherine Dowling, an aged lady who lived alone in a little house near the Magazine, on Arsenal Hill was found dead in her bed Saturday morning, from the effects of burns received several days before by her clothing catching fire. For a number of years she had been supported by the city and the Catholic Church. A few days before she died she told a neighbor she had money enough to bury her and asked that she be put away decently. After her death the lady to whom she made the statement began to search among her effects for the money when to her surprise she found six hundred dollars stowed away in an old sock in a bureau drawer and one hundred and fifty dollars in a tomato can upon a shelf. The money was in greenbacks and gold and silver coin.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, made by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, and acts directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by Druggists, price 75 per bottle.

The Burglar.

A charming play, admirably produced by a talented and well-balanced company, excellently staged, a play replete with laughter provoking humor and eye-moistening sentiment, and at times bordering on the sensational, pleasing and delightful in all its four acts. That was the verdict of the large audience which filled the Toronto Opera House last evening, when, for the first time here, Augustus Thomas' comedy-drama, "The Burglar," was presented. The play is an excellent dramatization of the popular novel "Editha's Burglar," and to the theatre-goer has all the fascination and charm which to the reader the book possesses. The plot is interesting, well conceived and admirably worked-out, maintaining the unflagging interest of the audience from the rise of the curtain on the first act to its fall on the last. In the third act, especially, where the burglar enters his divorced wife's house, and is interrupted in his midnight labors by his infant daughter, the feelings of the spectators were drawn to their utmost tension, finding frequent relief in bursts of laughter at the innocent prattling of the precocious little one with the rough specimen of humanity, who, although a criminal, had the kinder attributes of humanity. Of the cast, Mr. Lipman, as the burglar, and Little Irene Franklin (Editha) did the honors, the support being capital throughout. Miss Helen Otolengui has considerable histrionic ability. Mr. Leland, as Hamilton, an actor of more than average ability, and Mr. Lothian, the young lawyer, kept the audience well pleased. The play, with his refined comedy, while Miss Davega's role was taken most satisfactorily. "The Burglar" is a comedy that appeals to all classes, and, possessing so many pleasing qualities, will doubtless attract large audiences during the remainder of the week.—The Toronto Empire.

King's Royal Germeture.

Pre-eminently the medicine of the century. Its phenomenal success as a seller and favorite with the people is the acknowledged wonder of the medicine world. Based upon the Germ theory of Diseases, it is simple, modern, and at once popular, commending itself as a necessary household remedy. It advertises best by its use. Specific for all Catarrhal diseases, a Nerve Tonic and Blood Purifier. It is without doubt the most reliable germ destroyer in existence, and to the extent that the germ theory is correct, King's Royal Germeture is the remedy. It is no accident but is the result of fifteen years study of medical genius. For sale by Chapman & Williams.

Nehemiah, the Plucky.

GEORGE DARRIE.

It was during the long Babylonian captivity. One hundred and fifty years previous, Nebuchadnezzar had battered down the walls of Jerusalem, razed its beautiful temple to the ground, made the city a ruin and the whole land a desolation by transporting all the people to his own Babylonian realm. The Persian monarchy succeeded, and one of the earliest acts of the new king was a decree permitting the Jews to return to their own land and to restore their long wasted city. Only a few of the first arrived themselves of the opportunity. Zerubbabel led back the first contingent of 42,000 exiles. But their success in restoring the city was only partial. Eighty years later Ezra, the scribe and priest, with a few hundred attendants and a large amount of treasure for the temple

service, constituted the second contingent. They did much in the way of arousing the religious spirit of the people, but still the work of restoring the city remained in bad shape. It was reserved for Nehemiah to complete and finish it. He was cupbearer of Artaxerxes, the king of Persia. Thirteen years after Ezra's return, accompanied by a body guard and with full authority from his sovereign, he makes his way to Jerusalem for the purpose of rebuilding its walls, setting up its gates, re-establishing the city, reorganizing the nation, infusing into it new life and starting it on a new career of prosperity. The work to be done was great, the means at command slender and the enemies within and without to hinder and oppose, numerous and determined. Only a man of pluck would have undertaken it, but Nehemiah was exactly that kind. Thousands of laborers were needed where he had only hundreds. The ground was irregular, the walls to be restored high and wide, the stones of the former wall buried under heaps of rubbish, the mere extinction of which was of itself a stupendous undertaking. It required the pluckiest kind of a man to attempt the work with the means at hand. But Nehemiah never wavered or shrank from it a moment. The enemies without hurled ridicule at him, but he went on building. They formed a conspiracy to attack him at unawares, but he set a watch against them night and day and went on building. They threatened, they coaxed, they caajoled, but it was all he went on building. Enemies within spied upon him and reported all he did.

They tried to discourage him, they tried to scare him, they tried to thwart him in every possible way. But he held on his even way and pushed forward the work to completion. He met every emergency, faced every foe, and in the short space of 52 days the walls were finished, the gates set up and Jerusalem could laugh in the face of all her enemies. I call that one of the pluckiest achievements in human history.

What is pluck? It is not courage, though nearly allied to it. Courage requires the presence of danger, pluck does not. Many are courageous who are not plucky. The average young man is ready to stand up against danger and yet he is often wanting in pluck. Pluck is the spirit that perseveres in what it undertakes in spite of opposition and discouragement; the spirit that never lets go, that never gives up, that will endure hardship, toil, ridicule, pain, anything, everything, patiently, uncompromisingly till it triumphs. It is another name for bull dog tenacity. You remember how Ralph Hartsook in the "Hoosier School-master," in order to teach a school notorious for its insubordination, said to himself "I'll take a lesson from Bud Mean's bull dog. Bud says, 'if Bull once takes a bolt, heaven and yarth can't make him let go.' And that is just the way I am going to do about teaching this school." And he succeeded. Whether teaching a school, driving a business, filling a public office, standing up for a good cause, living a Christian life, there is nothing on earth worth doing into which pluck does not enter as an essential element. Plucky men are valuable at a premium in every market, there is an opening for them in every town, and a demand for them everywhere for which the supply is not half adequate. Especially is pluck needed in living a Christian life. It is needed from beginning to end, because such a life is a battle all the way through. "Add to your faith courage," says the apostle. As Nehemiah had enemies within and without to fight so has the Christian. He is nothing if not a soldier. He needs to buckle on the armor and to draw the sword. And his battle hymn should ever be:

"Never think the victory won. Nor lay thine armor down. Thy arduous work is not to be done. Till thou obtain the crown."

They postured her feet and postured her head, And plastered her back till 'twas smarting and red, And rubbed her face, and rubbed her eyes, And though grinning declared it was nothing but 'nerves'.

And the poor woman thought she must certainly be 'nervous' and she began to cry. No wonder she pruned so loudly they think. The graver better at once and was well in a week.

The torturing pains and distressing nervousness which accompany, at times, certain forms of "female weakness," yield like magic to Dr. Pierce's Favorite Prescription. It is purely vegetable, perfectly harmless, and adapted to the delicate organization of woman. It allays and subdues the nervous symptoms and relieves the pain accompanying functional and organic troubles.

It's a legitimate medicine—an invigorating, restorative tonic, a soothing and strengthening nerve and a positive remedy for "female weakness" and ailments. All functional disturbances, irregularities, and derangements are cured by it. There's nothing like it in the way it acts—there's nothing like it in the way it's sold. It's guaranteed to give satisfaction in every case, or the money paid for it is promptly refunded.

Read the guarantee on the wrapper. You lose nothing if it doesn't help you—but it will.

CRUTCHER & STARKS!

Main Street, FRANKFORT.

4th and Jefferson, LOUISVILLE.

A Mystery Explained.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced, usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nerve Pills. These pills are a fine book containing many marvelous cures, free as J. W. Gayle's, who also sells and guarantees Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

Editor Roundabout:

The patrons of School District No. 34 would be glad to have the County Superintendent explain how it is that they are only entitled to a school of four months this year.
The chairman of the board of trustees employed a teacher to teach the school for five months, for the public money. When four months of the school had been taught the County Superintendent informed the teacher and chairman that the district was entitled to but four months, and furthermore there was no money to pay for a longer term. The law is that every district is entitled to a school of five months that reports forty scholars or more, not exceeding one hundred, and district thirty-four has forty-two scholars reported to the Superintendent of Public Instruction for the school year, beginning July 1st, 1891.

The chairman of the above district for said school reported to County Superintendent fifty-six or eighty scholars, but from some cause only forty-two were reported by County Superintendent to Supt. of Public Instruction.

A Good Reason for Living.

"She lives to love and loves to live. She loves to live because she lives to love."

Many think it is a sin to be sick; being so, one cannot bestow their affection on others as the Creator intended; being so, it certainly is a duty to cure yourself. Most women, these days, need an invigorating tonic. Worn-out teachers, "shop-girls," dressmakers, milliners, and those subject to tireless labor, have found a boon in Dr. Pierce's Favorite Prescription. It is a soothing and strengthening nerve, inducing refreshing sleep, relieves despondency and restores to full use all the appetites and affections of one's nature. It is sold, by druggists, under a guar-

antee from its makers that it will, in every case, give satisfaction, or price (1.00) will be promptly refunded.

Jarbeau.

Miss Vernona Jarbeau, who will appear at the Ninth Street next week, has had a varied and interesting stage experience. She has been on the stage almost since childhood. Her first appearance was made at the age of 16, two months after graduating. He first role was Hebe in "Pinafore," with the Duff Opera Company, at the Standard Theatre in 1879. Miss Jarbeau has played in all branches of the theatrical business, but has been principally known from her connection with comic opera. She has been the prima donna of D'Oyley Carte, Duff and Max Maretzek opera companies. She played Evangeline with Rice for two years with great success. From burlesque to tragedy is quite a jump, but Miss Jarbeau has accomplished it successfully. She supported Mme. Modjeska for six weeks at the Fifth Avenue Theatre in New York. The season after that she appeared with John Stetson's great cast company. The last two seasons before her starring tour, she was again the prima donna of the Duff Opera Company. A remarkable fact about Jarbeau is that she has never been identified with a failure, and has always been connected with the most pronounced successes. All her own costumes and nearly all of the company's were designed by herself. Jarbeau is a typical French woman, and a part of her great success is probably owing to her vivacity and chic, which have been inherited from French parents. *Kansas City paper.*
